**ACT TO BLOCK INTEGRATION IN ARKANSAS**

**Governor Fears Race Riot**

Little Rock, Ark., Sept. 2 — Gov. Orval Faubus ordered national guardsmen to surround Little Rock Central High School here tonight and declared later that the troops “will probably have to help separate whites and Negroes” and block scheduled integration tomorrow.

The school cannot integrate if peace and order is to be maintained, the governor said in a speech.

Asked flatly afterward if he had ordered integration stopped, Faubus said:

**Cordon Around School**

“That assumption might be correct. It will be left to the discretion of commanders. There is a very good possibility there will not be any integration tomorrow.”

Even as the governor spoke, over three television stations to the people of Little Rock, about 100 national guardsmen formed a cordon around the 2,000-pupil school that was supposed to have 90 Negro students attend classes tomorrow.

**Soldiers to Do Duty**

Faubus ended his half hour speech with the dramatic statement that the military was at the school not “as segregationists or integrationists but as soldiers to carry out their assigned tasks.”

Then he said it was his opinion, “yes, even a conviction, that peace could not be maintained if forcible integration is carried out tomorrow. The schools in Pulaski county (Little Rock) must be operated on the same basis as they have in the past.” In the past, Central High has been all white.

**HEAR SHEPILOV OFF TO SIBERIA**

Last of 4 Fallen Reds to Be Assigned

MOSCOW, Sept. 2 — Dmtri Shepilov, 31, former Pravda editor and former foreign minister, will be sent off to some place to Siberia as a teacher, unofficial reports said today.

If true, this will complete the assignment to remote and obscure posts of the four leaders ousted or anti-party activities in the Kremlin shakeup in June.

The report said Shepilov will not take up the post until he recovers his health. It is understood he has been in a hospital since early July.

**Molotov to Mongolia**

His reported assignment to the teaching post in a commercial institute would end the guessing as to the fate of the ousted leaders.

Police investigating the slaying of Judith May Anderson, 13, of 1520 N. Lotus Ave., said yesterday that they have established that on at least three occasions Judith and a girl friend, Terry Johnson, 13, of 1743 N. Luna Ave., were riding in automobiles with men.

Two of these occasions were during the week prior to Judith’s disappearance the night of Aug. 16. Her dismembered body, encased in two oil drums, was taken from Montrose Park on Aug. 22 and 24.

When Terry, now vacationing in Massachusetts, was questioned there last week by detectives, she supplied police with the names of five men with whom both girls were acquainted.

One admits “Pickups”

One of them, Harry Maran, 19, of 234 N. Pine Ave., a television repairman, was questioned yesterday by police. He told of picking up Judith and Terry in his 1949 red Cadillac about July 25, riding around with them, and then taking them to his apartment, where they played records.

He said that was the only occasion they were in his apartment. This corroborated Terry’s version of the affair. After being questioned, Maran was released.

Dennis Buckley, 15, of 1445 N. Austin Ave., and Richard Bianco, 13, of 1740 N. Monroe, who frequent the Dairy King milk bar at 5756 North Ave., which Judith and another girl friend, Elena Abbatocca, 15, of 1019 N. Central Ave., visited the night Judith disappeared, previously told police of seeing Judith and Terry Johnson get into an automobile with two men in front of the Dairy King.

They described the car as a green Plymouth. They said the driver had been flagged down by Terry.

Terry Whistled, Boy Said

Another boy who freqeunts the Dairy King, Ronald Ferrato, 12, of 1640 N. Mason Ave., told of seeing the two girls get into a Ford or black Ford. He said he heard Terry tell Judith she wanted Judith to go along while she turned a ride. He said both girls went outside, and that Terry whistled at the car, which curbed.
